

## Resource. Release. Restore.

Resource Global is committed to resourcing and releasing the next generation of Christian leaders and professionals within an interconnected network for Gospel movements in major global cities.

### Cohort Overview

#### LEARNING

Community

Curriculum

Mentorship

Teaching

#### GLOBAL COHORT GATHERING

- 1 All Global Cohorts Coming Together
- 2 World Class Speakers And Leaders
- 3 Catalysts For The Gospel

#### OUTWARD

*Sent out to make Gospel Impact in their cities within their vocations and communities*

“ Going through this program was a journey in discovering the purpose of the Gospel in my identity, my work, and my contribution to the mission of God for my city. Through the curriculum, the speakers, and my mentor, I was encouraged to clarify concrete action steps to serve motorcycle taxi operators in Nairobi. This is what young Christian professionals need – guidance on how to fulfill their purpose through their vocation for the Kingdom. ”

**Jassy Mugisha**

Nairobi COHORT  
Co-founder, RideSafe  
(providing emergency response services for motorcycle taxi operators)

## Cohort Overview Goals

### **Resource**

Resource and develop workplace professional leaders (nonministry) who are influencers in their global cities through community, curriculum, and mentorship.

### **Release**

Release each cohort member with a practical action plan, which is a specific step toward living out a gospel reality in their sphere of influence (workplace, church, or community).

### **Restore**

Be committed long-term to restoring their global cities and be a part of the Resource Global Network for additional networking and training.

## Requirements & Expectations of Participants

**COST: 20,000 Ksh  
(200 USD)**

### **Requirements**

- Candidates should be deeply committed to the Christian Faith
- Be active and serving in the local church
- 25-40 years old
- Committed to their City
- Show leadership qualities in their vocational field and community

### ► **Expectations: During Cohort**

Twice a month commitment which includes:

- Monthly cohort gatherings
- Mentoring sessions
- Optional - Attend Global Cohort Gathering (GCG) Retreat in the US

### ► **Expectations: After Cohort**

- Commit to and be accountable to individualized action plan
- Continue to engage in vocation, church and city for the sake of the Gospel
- Optional - volunteer in the Resource Global alumni network as an advocate, mentor, or even future teacher.

## Q & A

### ***What are the cohorts?***

Our cohort is a 9-month Gospel-Centered Leadership Training Community that wants to further engage in their faith through their workplaces, communities and cities. We bring high-capacity individuals from diverse backgrounds to grow in their understanding of how the Gospel calls them and equips them to take Gospel action steps in their lives. And our goal is to do this in a community of 12-15, developing and equipping local leadership for the longevity and health of the global church.

### ***What is our Curriculum?***

Our curriculum is focused on themes like identity, work, and mission, while also focusing on city-specific areas that are modified for each of our cities. For example, our Jakarta cohort focuses on family businesses or living in a majority Muslim context while our Chicago cohort focuses on racism and segregation, and division in the church. In Nairobi, we look at challenges facing Christians in the marketplace (e.g., corruption, maintaining high standards, and finding/keeping talent).

### ***What is our Mentorship Program?***

Our Mentorship is pairing each leader with an older, more experienced mentor in a similar field of work. They meet once a month, share life, share problems, and challenge one another how to live out their faith in the various areas of life. The gift of mentorship is that it not only benefits the mentee, but also benefits the mentor who can pour their lives into others while being challenged themselves.

### ***What kind of teaching do we have?***

Our Teaching comes from various church, workplaces, and community leaders in the West and those in other global cities. They bring in their expertise, experience, and wisdom on how to guide future leaders on various questions and tasks they will face ahead. Because we are a global network, we offer them in both in-person formats and online video formats to cross pollinate our teaching.

### ***What is our Global Cohort Gathering (GCG)?***

Our Global Cohort Gathering (GCG) is an opportunity to bring all our cohorts from around the world together to further the cross pollinating learning and networking. We bring in key speakers and encourage further dialogue on how each city and cohort member can make a difference in their cities with the power of the Gospel.

**Mwangi Muthui**  
*Nairobi City Director*

## Meet the Nairobi City Director

Mwangi Has worked in both the church and corporate sector. Having studied Business and Marketing for his undergraduate studies, he started his career running a startup and handling marketing before transitioning to Nairobi Baptist Church where he worked for nine years primarily with the youth who, he is extremely passionate about. He has a Masters in Biblical Studies and Theology and is an ordained Minister with Nairobi Baptist church.

He is now involved with mentoring and discipleship of youth and young professionals with a desire to see them realize their God-given calling in their spheres of influence. Together with his wife, they run a family enrichment program helping couples with counseling and baby training, so that families can live in God's purpose for marriage and parenting. Mwangi has been married to Marion Njeri for 7 years and together they have two wonderful Children. Mwangi is a big sports fan, foodie, and coffee lover.
